

Local and Miscellaneous.

SATURDAY, September 7, 1867.

"She only wore a single rose," according to the song. Good costume for this weather.

HANK FISHER is wielding the bench to good advantage in Humphrey & Co's new store. Hank will do a good job.

A LOT OF SECOND HAND FURNITURE consisting of Chairs, Tables, a Cook Stove, Thawing and other Household Furniture is offered for sale at the Big Warehouse on the levee.

We have delayed the issue of this week's paper, to enable us to publish the proceedings of the County Convention, with list of nominees.

FRANKFURT NEWS.—We have just received a number of this enterprising Weekly, published at Freeport Ill., by Taylor & Aspinwall. It is a valuable paper for business men.

LENNERMAN are all engaged at present in putting up hay for winter use in their camps in the pines. Nearly every day sees some new concern wending its way northwards with camping utensils and hay implements.

The many and manifest efforts of our citizens in beautifying and tastefully arranging the grounds around their residences are well worthy of commendation. To make special mention, where all have done so well, would be unjust.

ROAD WORK.—Mr. J. A. Ryden, the road supervisor for this district has been indefatigable in his efforts for the improvement of the highways under his supervision. The Stillwater road and Government hill have received special attention.

ASBEST NOTORIOUS.—Prof. Southworth who recently met with good success in giving lessons in penmanship at this place is astonishing the people of Wabasha with his excellent system.

Prof. Andrews, the lightning calculator has a class in St. Paul.

NEW ROAD.—The road from the bridge to St. Croix Falls is being shortened and improved by a new one which avoids the rough rocky ascent from the bridge. The town of St. Croix made an appropriation for this purpose which was increased by subscriptions from our business men.

ESCAPOLOGY.—The long hoped for hog law forbidding the running at large of these pestiferous quadrupeds is to be enforced next year or the year after. Those owning gardens are requested not to plant anything that can be injured by their predatory incursions as it might give rise to trouble.

H. N. SUTZAN, Esq., has returned from a trip to Superior and brings a very encouraging report of the railroad prospects at that place. Grading is progressing rapidly from both ends of the St. Paul & Superior line and the speedy completion of the road is guaranteed.

FROST.—King Frost has asserted his power rather early this season. Evidence of his devastating march can be seen in every patch of corn or "garden sass." The amount of damage done must be considerable, yet the majority of the crops were safely beyond the reach of his majesty's cold breath. Corn and vines have received the greatest injury.

BEARERS.—The berry crop has been unusually prolific this year. Blackberries alone linger in the market, ripe and luscious. We doubt if ever before as many berries were marketed in this Valley in one season. They will soon become a staple article of export. The plum crop which promised so magnificently is said to have been seriously injured by the early frost.

FESTIVAL AT OSCEOLA.—The Ladies' Mite Society at Osceola, are to have a Festival at that place, on the evening of the 19th inst., to consist of Tableaux, Singing, Ice Cream, Refreshments, &c. A cordial invitation is extended to the people of Taylors Falls to come down and attend the entertainment. We can assure them that every effort will be put forth and no pains spared to make the occasion a pleasant and an agreeable one.

PERSONAL.—A. M. CHASO was in town the first of the week. Report says he was looking after some "Red River" property, which was shipped to this place last week.

Thomas Lacy and wife returned home from the East this morning.

Geo. B. Falsom, Smith Ellison, and Geo. Nathan, made their appearance in town yesterday.

Capt. Meriwether and family yesterday took up their line of march for more southern climes.

A LODGE OF GOOD TEMPLARS was formed in Osceola, Aug. 30th, by Rev. Mr. Gibson, D. D., of River Falls. There were forty-seven charter members.

The following officers were elected for the ensuing quarter:

Dr. C. B. Marshall, W. C. Miss E. Walker, W. V. H. C. Goodwin, W. S. Mrs. E. Kent, W. T. Mrs. E. Fild, W. F. S. James Kent, W. M. Miss Jennie Guilt, W. I. O. Charles W. Staples, W. O. G. Rev. S. T. Catlin, W. C. Hank O. Fild, A. S. Miss Nellie Terry, D. M. Mrs. C. P. Gadick, R. S. Mrs. R. Kent, L. S. The Lodge meets on Friday evenings at 7 o'clock.

RIVER.—The stage of water remains about the same as last week. There is about 30 inches of water in the channel. The G. H. Gray came up on Tuesday and Thursday, with good freights and passenger lists. The officers of the Gray understand how to make it pleasant for passengers.

The Pioneer arrived on Saturday from Stillwater, and on Tuesday from Saint Paul. She is expected in again tomorrow.

The Mollie Mohler arrived at our levee this morning. She is a trim little craft from the Minnesota River, and belongs to the N. W. U. P. Company. Capt. H. W. Holmes, who commands her is evidently a brick, and we shall always extend to him a hearty welcome when he comes to the Upper St. Croix. Wm. Mohler, his who makes out the bills and handles the cash, suits us to a dot. We only regret that the Mollie is not to run here regularly.

Capt. Kent's new boat was towed out of the St. Croix last Saturday by the Gray. We look forward with pleasure to the time of her return.

The Pioneer arrived yesterday morning from Taylors Falls, with the usual full cargo of barrel heads and staves and left in afternoon. The St. Louis Democrat states that the Northern Line are about putting more boats into its line between St. Louis and this city.—St. Paul Pioneer Sept. 3d.

IMPORTANT CHARGE OF FIRM.—We learn that the well known and popular firm of Bohrer, Morrison & Reeves has been dissolved. These gentlemen have earned an excellent reputation for integrity since they entered into the jobbing business. They leave an extensive and flourishing business in the hands of their successors—the energetic and affable Zeno Bohrer, the travelling representative of the old firm and Wm. Wright, a gentleman of thirty years experience in the business. Success to the new firm, and our best wishes to the out-goers.

The Rev. Mr. Kemp has completed his year in charge of the M. E. Church, at this place, and will attend the Conference next week. We trust that he may be returned to the scene of his present labors. While here Mr. Kemp has won the confidence and respect of the entire community. He is an earnest speaker, a clear thinker, an energetic worker and a christian gentleman, well worthy the high estimation in which he is held.

ARTISTIC.—There are no less than a half dozen artists—experts with the brush and camera—now sojourning hereabouts securing views of our famous and magnificent scenery. Among others Gilbert D'Anger, of St. Paul, is transferring to canvases an exquisite view of the Dalles, while Hingworth, another St. Paulite has made a score or more stereoscopic views. The latter are unexcelled and can be obtained at Bosworth's Gallery.

ASOKA CO. PRESS.—We feel like congratulating Friend Thompson on his gratifying success since the establishment of his paper. John has labored diligently to make his paper worthy of patronage and against great odds. He is now publishing an original story of great interest, entitled "Awful Hard Times." This story is to be published in book form next winter.

COUNTY COMMISSIONER'S MEETING.—At the last regular meeting of the Board of County Commissioners, a resolution was passed, to the effect that no more licenses for the sale of liquor be granted. This action is a death-blow to several doggeries we have in mind. And must render necessary a trip to Taylors Falls by all those who would "take a drink." Speed the good work.

The ravine on the Sunrise road which is dignified by the name of Spring Creek is being bridged by a fine frame work structure. Mr. E. Tang is the builder.

The man of few books, if they be well chosen and well read, is master of many thoughts.

REPUBLICAN STATE CONVENTION.

The State Convention was held at the city of St. Paul on Wednesday, the 11th inst., and resulted in the nomination of the ticket given at the head of our columns.

For Governor the ballot stood, for Marshall 119, W. H. C. Folsom 24. On motion the vote was made unanimous.

For Lieutenant Governor, the names of the present incumbent, Mr. Armstrong and N. E. Telford were introduced. Gen. Hubbard was also named but declined. The ballot resulted in 78 votes for Armstrong, Telford 41, Scattering 20. Made unanimous.

For Secretary of State, H. C. Rogers, the present incumbent, was nominated by acclamation.

For State Treasurer, the names of H. P. Christensen and Emil Munch were proposed. The ballot stood Munch 101, Christensen 40. Made unanimous.

For Attorney General, Samuel Lord, H. L. Gordon and F. R. E. Cornell were nominated. The ballot resulted in Lord 43, Gordon 22, Cornell 70. Made unanimous.

The District Convention, for the nomination of two Candidates for the Legislature to represent this District, met at Marine yesterday.

An informal ballot was then taken, for two candidates for Representatives, which resulted in the choice of Hon. John W. Furber, of Cottage Grove, and William Lowell, of Marine—after which the nominations were made unanimous.

S. W. Farber, of Cottage Grove, L. K. Stennard of Taylor's Falls, and A. M. Dodd, of Stillwater, were appointed District Committee.

The Republican State Convention of Wisconsin re-nominated for Governor Lucius Fairchild, Lieutenant Governor Wyman Spooner, State Treasurer W. E. Smith, Attorney General Charles R. Gill, Bank Commissioner, S. M. Rusk, State Prison Commissioner Henry Cordier, Superintendent of Public Instruction A. J. Craig. Strong resolutions in support of Congress, complimentary to Grant, Sheridan and Stanton, and favoring the impeachment of the President were passed.

For the Reporter.

Moonlight in the Valley.

That moonlight queen of the valley,
Whose brilliant quivering light,
And the laughing rippling water
That goes dancing past our sight.

We have seen thee in thy beauty,
But never without alloy,
Till we beheld thee in splendor,
In the valley of St. Croix.

We have seen thee in the sunset,
Like a pale and timid bride,
And watched again for thee at eve,
When thy face grows wondrous wide.

We have watched thee in the blue arch
With the stars that crown thy head,
While thy tender beams illumine
The city of the dead.

And not till Nature's drowsy god
Has claimed us for his own,
Do we resign our homage
To thee queen on nature's throne.

Sept. 12, 1867. M.T.R.

One of the most disastrous and reprehensible outrages was committed in St. Paul a few days ago. Certain miscreants entered the building and committed deeds too disgraceful for civilization.

One of the clocks in one of the lower rooms was broken to such an extent as to be useless, and all the hands were torn in pieces. The other rooms were treated in the same way. The deplorables seemed to roam about the building anxious to do all the damage possible. After injuring all they could believe, they proceeded up stairs and committed the most disgusting and filthy nuisances. Here they tore up all the books they could find, injured another clock, and demoralized the seats and floor with filth.

Trip up River.

Sept. 2, 1867.

On leaving the picturesque scenery of the Dalles and the Falls of the St. Croix we passed up the St. Croix and were soon beyond the familiar roar of the water, caused by the fall at Ka-ba-kong, more recently called St. Croix Falls, (I love those old traditional names, when interpreted into sense and sound from the guttural pronunciation of the Indian, who has no language.) We passed over a beautiful maple and oak timber country, for 11 miles, well watered by white gurgling spring brooks, leaping and foaming down the hill sides. We passed Mr. Peck's residence situated on the side of one of these maple hills, overlooking the rapid water of the St. Croix. His farm is back upon the bluff. Near his residence is Big Rock Creek, which abounds in good water power unimproved. Near the mouth of this creek a distillery once existed, but died by an overflow of cold water. Mr. Seebert's farm, five miles from the Falls is a rich spot of arable land. He has a beautiful flower garden in front of his house, and one of the nicest springs on the Saint Croix. His yards are well supplied with hens, geese and turkeys, and he has pigs by the score. Near the mouth of Wolf creek is the town of Sebasta, 10 miles from the Falls. Here are living four families, three of which subsist by the chase. The fourth is the old settler, C. Nevers, where we rested our weary team and partook of his hospitalities. A short ride brought us to the 11-mile post office and hotel kept by S. DeNeen, M. D. The Dr.'s corn is out of the way of the frost. We found the Dr. busy on his mill which he will have running in time for grinding the incoming crop. After leaving Wolf creek the character of the country changes to a level surface, covered most with Black or Prince Pine. We travelled 10 miles through this pine region, passing the farms of Mr. Rice and T. Rogers. Both of them keep public houses. To the east of this pine barren, in full view the whole distance, is a belt of rich hard wood timber land, with a few homestead settlers. Trade river rises in this hard wood land and flows through the pine barrens connecting with the St. Croix below Sunrise. After leaving Sebasta the whole district of country is organized into one town, Sterling, lying south of Burnett county. This new county is settled mostly by Norwegians, who seem to be prospering. They have two good school houses and schools taught in them. Much of the corn in this vicinity is out of the way of the frost. Wood river passes through this county from East to West. Part of this county is hard wood timber land, well watered with lakes, and abounds with numerous natural meadows. We crossed Wood river at Hickerson's and passed up on the north side to Wood lake, through a pine region. The ground is everywhere covered with blueberries. Thousands, and perhaps I might say millions of bushels of these berries grow annually and waste upon the ground. These berries when dried are a substitute for dried English currants, equally as good. The time is not far distant when this berry will take the place of the currant, and an extensive business will grow up out of its cultivation. At Wood lake we visited the Indian village. The hunters were absent. The squaws were attentive in showing our ladies the graves of their departed friends, their mode of drying berries, &c. One aged squaw of some 80 summers, complimented our ladies flatteringly, said the She-me-go-man's squaws were Nesh-e-shin. We ascended Wood river 12 miles above the lake, through a pine timbered region and we felt assured that these white ladies were the first to venture into this land of lakes, meadows, tall pines and mosquitoes. The second day at noon after our departure from the Falls, found us at our journey's end, where we found a crew of men making hay. Noble sons! who will dare deny that as honest hearts as ever beat are to be found in a lumberman's camp? Here we feasted two days on lumbermen's fare, with plenty of venison, black and blue berries, plums, grapes, cranberries and cherries. Surrounded by friends and plenty we were loth to part, but finally bade them adieu and returned to our homes in one day, promising to ourselves an annual visit to our friends in the woods.

When the steamer Burlington was coming up on Saturday afternoon, and when she was nearly opposite Wabashaw, she struck a log at 2 p. m., on her right hand side which tore out from 20 to 30 feet of her hull. She immediately commenced sinking, when she was run up on a sand bar. Here she lay with her bows out of water, and her stern sunk with two feet of water over her. She had on board fifty passengers, ten horses and a small lot of apples.

The owner of the horses, as soon as it was seen that the boat would sink, rushed to the stern and cut his horse loose, when they immediately ran forward and were saved. The apples were rolled forward, so that none of the freight was lost. About 3 o'clock the Addie Johnson came up and immediately went along side the wreck and took off the passengers, which she brought to St. Paul on Sunday morning. The Johnson also took off the horses and all baggage of the passengers. The log which caused the loss of the Burlington went in there this year, and, as a matter of course was unknown to the pilot.

The Canada stopped twelve hours with her and took off the remainder of her freight. Only twenty barrels of apples were lost from her cargo. She is not broken to pieces as was at first reported, and will be raised. The articles taken off by the Canada, consisted of threshing machines, plows and general merchandise.

STEAMBOAT SINK.—Sometime since the Sheriff of Washington county levied on the steamer Viola, to satisfy certain claims placed in his hands for collection. She was then lying at Stillwater. After he had taken possession of her and placed a watchman on board, the U. S. Marshal from St. Paul went over and took possession of her to satisfy certain claims of Capt. L. D. Bartlett, for the collection of which a suit was duly instituted in the courts at St. Paul. The Sheriff gave her up to the Marshal and she was brought round to the wharf at St. Paul. Upon the hearing of all the facts and an examination of the papers in each case before Judge Nelson, he held that the U. S. Marshal had no right to take her from the possession of the Sheriff of Washington county. In accordance with this decision she was taken back to Stillwater by the Mollie Mohler, to be returned to the custody of the above named officer.

This vessel has been tied up all the season by her creditors, and it seems more than probable that when she gets through the legal mill there will be but little if any of her left.

Minnesota News.

Ginkgo is bringing fourteen cents per pound at Mankato.

There are twenty-five organized towns in Stearns county and sixty-one school districts.

The firm of Draper & Ballard, merchants at Hastings have made an assignment to C. H. L. Lange of that place.

Our exchanges estimate the yield of wheat per acre in various localities at twenty, twelve, fifteen, eighteen and twenty-two bushels per acre.

The first shipment of wheat from the State, was made on the 17th of last month, by Dessey and Atkinson, of Lake City.

The citizens of Hastings, to the number of an hundred, recently turned out with ear, shovel and pick, for the purpose of building a road across some bottom land opposite the city.

Strayer preaching has been inaugurated at Stillwater.

The Synod of Minnesota (N. S. Presbyterian) will hold its annual session at Stillwater, beginning on Thursday, the 29th of September, and continuing over the following Sabbath.

The number of bushels of wheat raised in this State is estimated at from 10,000,000 to 12,000,000 bushels.

The Federal Union announces that Hon. T. J. Kenney, of Ohio, will deliver the annual address at the ensuing State Fair, to be held at Rochester.

Mr. Kenney is said to be an able speaker as well as a good practical farmer.

RIVER IMPROVEMENT.—General Warren returned to this city yesterday bringing with him the steamer Montana, to which one of Col. Long's triangular scrapers is to be attached as soon as prepared, to be used in deepening and making channels through the bars. The scraper is now being fitted up by D. Stomba, contractor, but as it has been described once we will not attempt any further details until it is attached to the steamer.—Press 11th.

Upon the boat of "Positively the last of the Long Skirts this Season," Punch gives the following: "Hostess! Oh, how tiresome! Somebody must be standing on my dress! Would you just run down stairs and see who it is, Mr. Brown?"

SOMEBODY says that the best way to get rid of weeds is to always put your cigar-case and its contents at the service of your friends. Jones says that the most effective means he ever tried was by squeezing the hand of a plump young breasted in black. Tomorrow day she was in half mourning, and a second kindly pressure resulted in a pink gown, with a white bonnet.

DESTRUCTIVE FIRE AT LAKE CITY.—A destructive fire occurred at this place at 12 o'clock, m. August 30. The large planing mill and door factory belonging to J. W. Harding was totally destroyed, together with all the machinery and a large amount of stock. No insurance. Loss full \$20,000. Also the large warehouse belonging to Ansney & Fletcher, which was fully insured.

A MAN named Hans Slanson, was killed near Minneapolis, on the 30th ult., by a construction train on the St. Paul and Pacific railroad.

ANOKA, SEPT. 11.—At half-past ten o'clock yesterday evening a fire broke out in the door and sash factory of Honington & Prescott. In a few minutes the entire building was in flames. The flames quickly communicated to the adjoining building owned by Messrs. Pomeroy & Sias, which was used as a cabinet shop. Both buildings with nearly all their contents were consumed. The estimated loss of Honington & Prescott & Sias seven thousand dollars. No insurance.

MR. LEWIS WALKER had a narrow escape Saturday. While on a hay-ride in his barn, the hay slipped from under him and he fell to the floor, a distance of twenty or twenty-five feet. Fortunately he received no injury except a slight bruise on the shoulder.—Polk Co. Press.

The summer term of the school in this village closed Friday. It has been under the charge of Miss ELA WALKER, and has been a complete success. One scholar, Miss NETTIE KIMBALL, was perfect in all her lessons during the first seven weeks, and five were not absent during the term.—7th.

REPAIRS.—Fearing that somebody's horse might soon need a pair of crutches if things were suffered to remain in their present dilapidated condition, our Road Supervisor will soon put another layer of plank over one of the bridges on the street leading to the boat-landing. Repairs are much needed on other bridges also.—7th.

A new custom house and Post office is to be built at St. Paul. The building will be about 75 feet front on Wabashaw street, and 130 feet deep along Fifth street. It will stand on the corner of the lot, and the land purchased for the site is 105 by 160 feet, this will leave room for a street 30 feet wide around the west and north sides of the building.

A HASTINGS correspondent of the Pioneer of the 8th says:—A most fiendish outrage was perpetrated, on Monday evening last, on two horses belonging to Lull & Bros. Some inhuman wretch poured kerosene all over them, and then set fire to it. The cries of the animals aroused the owners, who quickly extinguished the fire, but the animal one horse had been ruined and the other severely injured. The owners offer a reward of \$400 for the arrest and conviction of the miscreant; the other standing good for five years.

William O. White Esq., while engaged in tearing down a portion of the "Edison Block," was severely injured by the falling of a chimney upon him. He was considerably bruised, but no bones were broken.

Frank Gale shot himself through the hand, a few days since, while carelessly handling a revolver.

A shooting affray took place here, yesterday, between a young man named Curley and a saloon-keeper about a whiskey bill of forty cents. The result of the fight is, saloon-keeper shot in the leg, Mr. Curley's head cut by a brick and bound over in \$500 bonds, to appear at the next term of court.

The warehouse of Hutton Brothers, Lakeland, was burned on Monday night last. Supposed incendiarism. No insurance. Loss \$2,500.

Mass Temperance Convention.

The St. Paul Ledger, L. O. of G. T. has just issued a call to members of the Order and friends of Temperance to meet in Mass Convention on the 24th inst. at 2 P. M., there to speak and act as in their judgment, circumstances may require as regards certain planks in the party platform of this state, pledged to opposition to prohibition and to all legislation opposed to the habits and customs of a people.

While we deprecate the introduction of any such resolution in the Republican platform, where it very unexpectedly presents itself, yet we can hardly see the good results to be achieved by the proposed Mass Convention. To be sure, Temperance men of the Republican party have a numerous dose to swallow in the shape of this platform but for the foreign vote, yet any disaffection in the ranks of the party, and probably result in the victory of our common foe, thus entailing upon our state a series of disasters fearful to contemplate.

Let Temperance men "bite their time" and work manfully for the success of the Republican party—the party of Right, Truth and Temperance, notwithstanding the empty platform chest, concocted by cunning minds.

We trust that all friends of Temperance now caught in such dilemma, will carefully consider the alternatives presented. They are bound to advance the cause of temperance by all honorable means. Would the success of a party with a record overhauling hostile to all temperance reform, advance the cause? Not any. On the contrary it is there not much to hope for yet from the party to which nine-tenths of the temperance element of the country is allied, notwithstanding the wretched attempt at their betrayal, made by designing men of both political complexions.

Remember it, think of Temperance man, Bitt the straight ticket, then, if you can.

Republican State Platform.

Resolved, That the Republican party of Minnesota holds itself a portion of the national republican party; a party of national limits, a national record, and national purposes; whose past is crowned with the glory of preserving the nation, and its future charged with the duty of re-constructing and perpetuating it.

Resolved, That in such re-constructing the true object is, as it was in adopting the constitution of the United States, "to form a more perfect union, establish justice, ensure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to all the people of the United States."

Resolved, That we fully approve the re-constructing measures of Congress, as wise, just, patriotic, and necessary to the future peace and well-being of our country.

Resolved, That President Johnson, in seeking to delay the establishment of civil governments in the rebel states, prolongs the evils of their situation, baffles the expressed will of the people, and forces the acceptance of his repudiated policy of rewarding traitors for their treason, by restoring every right and giving them additional political power, is an enemy to the peace and welfare of the country, and an impediment to the faithful execution of the law.

Resolved, That although the burden of taxation is necessarily heavier than ever before, yet knowing that the national debt is the price of national existence, that the loss of faith is a national weakness as well as a disgrace, and especially that as our debt is the price of the whole debt

has already been paid in the two years next following its creation we declare that repudiation of the national debt would be dishonorable as the partisan clamor in that behalf is unreasonable and shameful.

Resolved, That with extinction of slavery came the logical end of distinction of class and caste, and we therefore favor the right of suffrage to our colored fellow-citizens, in accordance with the constitution now pending, to be submitted to the people at the coming election.

Resolved, That the Republican party was formed for the preservation of the national life, and for the purpose of establishing equal liberty to all throughout the land; and that, while we as a party, favor all movements tending to improve public morals, we are at the same time convinced that the habits and customs of the people can not be changed by prohibitory or summary laws, and that the legislature cannot interfere with such habits and customs without transcending the legitimate sphere of legislative power.

Resolved, That while we as Republicans and citizens of Minnesota, solicitous for the good name and honor of our state, are unalterably opposed to the repudiation of any of our just indebtedness, we are opposed to the pending proposition for the payment of the Minnesota Railroad Bonds, so-called, believing said proposition to involve taxation for which we are not prepared, and an expenditure of the public money beyond any just obligation resting upon the state.

Minnesota News.

One hundred reapers have been purchased in Washington county the present season.

There are eleven ordained Baptist ministers living in St. Anthony and Minneapolis.

We understand that Solon Robinson has been invited to deliver an address at the Minnesota State Fair, and is expected to accept.

A spacious beautiful brick school house will be erected this season in Minneapolis.

Two Winona and St. Peter Railroad is open to Waseca, one hundred and five miles west of the Mississippi River.

The following is a list of the new Postal Money-Order offices in Minnesota: Anoka, Belle Plaine, Monticello, Lake City, Monticello, Preston, Northfield, Plainville, Shakopee, St. Charles, St. Cloud, Wilton, Stillwater, California.

The name of the Minnesota Central Railroad is changed. It and the McGregor Western have been consolidated with the Milwaukee and Prairie du Chien Company, the whole line is now and henceforth to be known as the Milwaukee and St. Paul Railroad.

The Le Sueur Courier says that a new hotel is soon to be built at that place, at a cost of \$50,000. A little boy was bitten by a rattlesnake at Cleveland, the other day, while picking berries, and died in two days. The next term of District Court for Le Sueur county will be held at Le Sueur.

The body of a young man named William Craig, was found lying beside a stump, in the woods near Money Creek, a victim of a fatal disease, and a large portion of his flesh eaten off by dogs. The unfortunate young man had been missing for some four weeks, but nothing was heard of him until his body was discovered in its mangled condition. He committed suicide by poison. So says the Redford Southern Minnion.

St. Cloud. The St. Cloud Herald says that on Saturday morning, August 31st, a citizen of that place named O. M. Benson attempted suicide by cutting his throat. He was restrained, but not until he had produced wounds such as caused his death on the following Wednesday. The cause is supposed to have been temporary insanity.

SHOOTING AFFRAY AT OWATONNA.—On Friday afternoon last, Mr. Neill in company with another man had been out gunning. On their return, while passing a house, a ferocious dog came out and seized their horse by the nose. The man with Mr. Neill shot the dog, killing it. The owner of the dog seized a large knife mounted a horse and rode after them and seized their horse by the head. Mr. Neill approached the man to make him leave the horse. The man then struck him with the large knife, inflicting a ghastly wound on the inside of the leg and near the groin. Mr. Neill but little hope was entertained for his recovery.

The offender was under arrest.

MORSE'S EXPECTORANT.

The Great Throat and Lung Medicine

It has never failed to cure the worst cough and cold. It will cure croup every time. It will break the chest in the world for consumption and asthma. It will cure whooping cough. It is a sure cure for influenza and sore throat. It is warranted to break up the most distressing cold in a few hours. It is a sure preventive of consumption. It may be given to the most delicate infant with perfect success.

Your cough may result in fatal consumption if this prompt and sure remedy is not used. Why sacrifice your life, when your disease can be cured so quickly. It costs but 75 Cts. Per Bottle.

Mothers ought not to pass one night without this sure remedy for croup in the house. If your child has not yet got it, have him send for it for you.

MORSE & DAILEY, Dubuque, Iowa, Proprietors.

OSAGE, May 1st, 1865

Messrs. Morse & Dailey—I have used your Expectorant for some time, and believe it a medicine of real worth. My wife has long been troubled with sore throat, but your Expectorant has cured her. To cure a cough or cold—The Editor of the McGregor Commercial says that the best remedy he ever used was Morse's Expectorant.

HEAVY STORM.—Last Tuesday a very heavy storm passed over town and the rain fell in torrents all day long.

A few cranberries have been brought into town. They sell for two dollars and a half to three dollars per bushel.

MARRIAGE.—Last Monday Mr. Peter Feyerts and Mrs. Ann McCue, were joined in the holy bonds of matrimony at this place.

LEWIS.—Last Saturday the steamer Cutter took down 55,000 lath from W. H. C. Folson's mill, and on Tuesday the Pioneer loaded with lumber for Gen. Warren.

PLUM PAINTINGS.—A few days ago we were shown some of the paintings, made by Messrs. Stobie and Pickering, of prominent points in the Dalles. They are very nice and will sell well.

HAZEL NUTS are very large and plenty this season. The country is overgrown with nuts with hazel brush, loaded down with nuts. The recent frost has rendered them just right for gathering. Butternuts are also very plentiful.

NEW BRIDGE.—Frederick Tang last Friday completed the new bridge across the ravine on the Sunrise road. It has a neat and substantial appearance. We learn that the material for the bridge was furnished by the township, and the town paid for the labor.

PROVISIONS.—The surveyors, who have been busy for two weeks in laying the school section below W. H. C. Folson's saw mill, into town lots, and appraising them, have completed their labors. These lots, with several others in different parts of the county will be offered for sale on the 20th of October.

FESTIVAL AT OSCOLA.—Do not forget the Festival at Oscola on the 25th. A good time is anticipated. The little steamer Champion, will leave our levee at 3 P. M. to take those down who desire to go, and will return immediately after the closing of the Festival.

PERSONAL.—A. C. Stunts, Esq., last Wednesday returned from his trip to Bayfield. He spent some time trout fishing. He says that trout is a good one. Instead of putting them down in ice, he uses the ordinary fruit cans and puts up trout the same as our housewives do berries.

DRS. E. INGALL'S and R. F. Adams, of Chicago, called on us last Wednesday. They were on their way home from a visit to Dr. Ingall's brother who lives near Sunrise. They spent one day in viewing our scenery and enjoyed it very much.

Geo. W. McMullen, of the Chicago Evening Post, has been spending a few days in town. With the numerous newspaper men now hovering around it behooves our citizens to carry the "best side out."

TEMPERANCE CONVENTION.—The Good Templars of this place, having received a call issued by a St. Paul lodge, to meet in Convention at Rochester on the 24th inst., passed the following resolutions at their meeting last Wednesday evening:

Resolved, That the Good Templars have not sought, and do not now seek to make any political issue upon the subject of a prohibitory liquor law at this time; that they deplore any such attempt as likely to result disastrously to the temperance cause; that as we have not sought to make a political issue upon the question at this time, so we would not, to the ruin of the country and the detriment of our cause, suffer such an issue to be forced upon us, either by cunning enemies or misguided friends.

Resolved, That we are unequivocally opposed to the nomination of a third ticket.

J. D. BALLEAF, W. C. T. ED. H. FOLSON, W. S.

RIVEN NEWS.—The steamer Cutter H. H. Henrich, Captain, which we noticed briefly last week, has taken the place of the Mollie Mohler from St. Paul to this place. She is one of the lightest draught boats in the employ of N. W. U. Pkt. Co. She is just adapted to the St. Croix trade.

The Champion continues to run regularly from the Falls to Prescott. She is a new boat and is well put together for so small a craft, and runs well.

The Pioneer is doing a good deal of heavy work, but puts in her appearance twice a week from St. Paul. The river is rising steadily.

LARGE SHIPMENT OF FURS.—The St.

Paul Pioneer says that the Merchants'

Union Express Company shipped East

over the largest lot of furs ever ex-

ported from this city. There were 837

bales of fine and valuable furs, weighing

47,419 pounds. In addition to this there

were 31,500 muskrat skins, weighing

25,000 pounds, and three boxes of furs

valued at \$5000 each.

THIS is the way to mend torn green-

backs and currency: Smooth out the

edges carefully, and moisten the edges

with the finger tip after wetting it on

the tongue. Then lay the bill on a piece

of writing paper over it. A few sec-

onds, rubbing with the finger over the

seam will make it adhere and a little

adhesive, when it is dry, will enable

you to lift the bill from the paper with-

out tearing it. The seam will then be

invisible and the strongest part of the

Republican State Platform.

Resolved, That the Republican party

of Minnesota holds itself a portion of

the national republican party; a party of

national limits, a national record, and

national purposes; whose past is crown-

ed with the glory of preserving the na-

tion, and its future charged with the duty

of re-constructing and perpetuating it.

Resolved, That in such re-construct-

ion the true object is, as it was in adopt-

ing the constitution of the United States,

"to form a more perfect union, establish

justice, ensure domestic tranquility, pro-

vide for the common defence, promote

the general welfare, and secure the bless-

ings of liberty to all the people of the

United States."

Resolved, That we fully approve the

re-constructive measures of Congress, as

wise, just, patriotic, and necessary to

the future peace and well-being of our

country.

Resolved, That President Johnson, in

seeking to delay the establishment of

civil governments in the rebel states, pro-

longs the evils of their situation, baffles

the expressed will of the people, and for-

ces the acceptance of his repugnant pol-

icy of rewarding traitors for their trea-

son, by restoring every right and giving

them additional political power, is an

enemy to the peace and welfare of the

country, and an impediment to the faith-

ful execution of the law.

Resolved, That, although the burdens

of taxation are necessarily heavier than

ever before, yet knowing that the national

debt is the price of National existence,

that breach of faith is a national weak-

ness, as well as a disgrace, and especially

that as one tenth part of the whole debt

has already been paid in the two years

next following its creation we declare that

repudiation of the national debt would

be dishonorable as the partisan clamor

in that behalf is unreasonable and shame-

ful.

Resolved, That with extinction of slav-

ery came the logical end of distinctions

of class and caste, and we therefore favor

the right of suffrage to our colored fellow-

citizens, in accordance with the constitu-

tion now pending, to be submitted to the

people at the coming election.

Resolved, That the Republican party

was formed for the preservation of the

national life, and for the purpose of es-

tablishing equal liberty to all throughout

the land; and that, while we as a party,

favor all movements tending to improve

public morals, we are at the same time

convinced that the *habits and customs*

of the people can not be *abridged* by

prohibitory or summary laws, and that

the legislature cannot interfere with such

habits and customs without transcending

the legitimate sphere of legislative power.

Resolved, That while we as Republicans

and citizens of Minnesota, solicitors for

the good name and honor of our state,

are unalterably opposed to the repudia-

tion of any of our just indebtedness, we

are opposed to the pending proposition

for the payment of the Minnesota Rail-

road Bonds, so-called, believing said

proposition to involve taxation for which

we are not prepared, and an expenditure

of the public money beyond any just ob-

ligation resting upon the state.

SATURDAY, September 28, 1867.

DR. BECHER left for Osceola Mills yesterday morning. He was compelled to cut short his stay at this place in order to fulfill other appointments down river. He will remain at Osceola Mills for a few days. As he was unable to attend to all the work brought to him, he will return again this fall.

NEW BUILDING.—Thos. Boucher, has a dwelling house erected, and Messrs. Tang & Rabago employed to push it forward to completion as rapidly as possible. It is situated between the residences of John O'Brien and James Woolley, on the street leading to lower town, and when finished will be quite an addition to this street, which promises to be one of the most pleasant in town.

PENMANSHIP.—Prof. I. S. Preston of Cincinnati, and one of the best writing teachers extant, has formed a class in town and is meeting with good success. His school opened last Thursday night and will continue for thirteen nights. Our citizens now have one of the best opportunities ever afforded them to become experts in the use of the pen.

DEATHS.—Mr. August Peterson of St. Croix Falls, died suddenly at his father's residence at that place last Monday. He has long been subject to fits, one of which proved fatal as above.

AT SUNSHINE CITY.—Mr. N. Stanton. The funeral took place yesterday. Mr. Stanton has for sometime been unable to provide for himself, and together with his family have been a county charge.

METHODIST APPOINTMENTS.—The annual session of the Methodist Conference has this week completed its labors. The session was held at Rochester, and was attended by over a hundred ministers. By the published list of appointments we perceive that the Rev. B. A. Kemp, who has been stationed at this place during the past year, has been assigned to Randolph, in the Winona District, while the Rev. W. D. Bennett has been assigned to the charge at this place. The Rev. Wm. McKinley will remain in his present position at Winona.

ANNIVERSARY OF THE TAYLORS FALLS LODGE.—O. G. T. At the last regular meeting of this Lodge, was celebrated their first anniversary. An address by W. H. C. Folsom, able and interesting, a banquet, unsurpassed in the richness and delicacy of the viands and the taste displayed in the arrangement of the tables, together with tableaux and music interspersed, completed a programme that has never been excelled in our town. The Lodge now numbers considerably over an hundred members, and is in a highly prosperous and growing condition.

CHURCH FESTIVAL AT OSCEOLA.—The Ladies of the Mite Society at Osceola gave a fine entertainment at the new M. E. Church at that place on Thursday evening. The exercises consisted of tableaux vivants, choruses and music, both vocal and instrumental. Refreshments were served at the tables in good style and the traffic in bibles, ice cream and drinkables was lively. The sale of fancy articles, made by the society was brisk. Upwards of sixty persons went down from here and participated in the fun and frolic of the occasion. The only drawback to the occasion was the complete jam, which of course was unavoidable, the room being crowded to its utmost extent. Peculiarly, it must have been a great success.

RIVER NEWS.—During the past week the river has been on the rise, and navigation is easy. The boats are well loaded with freight every trip, and the passenger business never was more lively.

The Cutter comes with the same regularity as all boats when under the command of Capt. Herrick. Geo. Walsh with the help of Nick Rhodes, monopolizes a little room filled with safes, books, and stationery, collects all monies, and reports "overs" and "shorts" to headquarters.

The G. B. Knapp ran up in sight of town last Monday, and Capt. Knapp, Clerk McCourt and Dave Swain the inventor were put ashore. They wanted their way up town, but were a suspicious look, and finding there was no chance to make a disturbance, disappeared soon after dark. Come again and bring along your affidavit and we'll have some fun with you.

The Str. Champion, of which "Lige Seavey" is whom, besides being the pilot, makes tri-weekly trips between this place and Prescott. She is gradually working her way in the favor of the merchants and travelers along the river. The Pioneer brought up a good load of freight on Saturday, and on Sunday loaded with lumber at Folsom's Mill, for the Minnesota river.

New Goods have commenced their regular fall arrivals. The firms of L. Wyckoff and W. H. C. Folsom have received large accessions to their stocks. All kinds of good goods are rolling in to their establishments where their patrons will soon "go for" them leaving the equivalent in greenbacks. Remember these places for rare bargains.

A NEW ESTABLISHMENT.—It is always gratifying to the "quill drivers" of the press to note the improvements and material advancement of their respective localities with favorable comments, and particularly so, it is to us in referring to the many neat and substantial improvements to our beautiful town, to call special attention to the handsome new store building of S. Humphrey & Co., on Bench St. Not only has the building been erected in a substantial manner, though in a short time, but more taste has been displayed upon it than any other building for business purposes this side of Stillwater. The recent brief absence of Mr. Humphrey can be seen in the fruits thereof, in the shape of dry goods of new and beautiful design, groceries, pure and fresh, boots and shoes, from the rough stage to the dainty gaiter to grace the foot of a belle, hardware and crockery, a fine assortment and Yankee notions *ad infinitum*. The opening display will take place on next Monday morning.

Local Notices.
Go to the Bryant & Stratton Commercial College St. Paul, and obtain a sound practical education. See advertisement in another column.

DISCUT A LUXURY FOR ALL.—The popular notion that people suffering from dyspepsia or predisposed to the fact that the common Saleratus has been used in the making of such biscuit. And it was right; the article is mischievous. But light and healthy biscuit, such as dyspeptic people may eat with impunity and with positive benefit, are made from D. B. De Land & Co's Best Chemical Saleratus. Physicians admit this.

THE BRYANT & STRATTON SAINT PAUL BUSINESS COLLEGE, AND WRITING ACADEMY.

One of the institutions comprising Bryant, Stratton & Co's Great International Chain of Colleges, consisting of forty-eight first class Business Colleges in the United States and Canada.
A full set of text books prepared expressly for this chain of colleges—most thorough course of instruction ever introduced—actual business practice—thousands of students in attendance—three hundred professors, teachers and lecturers employed—the greatest educational enterprise in the world.
St. Paul Coll. go unrivalled for solidity and thoroughness, and is endorsed by the best men in the State. Teachers of long experience and first class ability, always employed in St. Paul College.
Scholarships issued in St. Paul, good in Chief Cities of United States and Canada.
For information on the solid character of the St. Paul College, we would refer inquiries to our students (who are all over this State and adjoining States); to Gov. Marshall, Gov. Miller, Gen. Averill, the business men of St. Paul, and to any person who knows us.
College circular giving full particulars, sent free to all applicants. Address,
BUSINESS COLLEGE, Saint Paul.
